Introduction

The investment advisory services of FIDUCIARY INVESTMENT TRUSTS, LLC are provided to you through an appropriately licensed and qualified individual who is an investment adviser representative of FIDUCIARY INVESTMENT TRUSTS, LLC (referred to as your investment adviser representative, IAR, or rep-advisor throughout this brochure).

Description of Advisory Services

The following are descriptions of the primary advisory services of FIDUCIARY INVESTMENT TRUSTS, LLC. Please understand that a written agreement, which details the exact terms of the service, must be signed by you and FIDUCIARY INVESTMENT TRUSTS, LLC before we can provide you the services described below.

Collective Investment Funds Services

A collective investment fund (“CIF”) also known as a collective investment trust (“CIT”) is a bank-maintained fund that is exempt from registration as a mutual fund under the Investment Company Act of 1940 and only available to qualified retirement plans. A bank will serve as a CIF’s trustee and administrator, will hire and fire the investment adviser of the CIF, and selects the qualified custodian. The bank will establish accounts for the CIF at one or more qualified custodians that will maintain physical custody of all funds and securities of the account(s). FIDUCIARY

INVESTMENT TRUSTS, LLC will not act as custodian and will not have direct access to CIF funds and securities. A CIF is only available to retirement plans and their participants as an investment option.

FIDUCIARY INVESTMENT TRUSTS, LLC offers investment advisory services by serving as a sub-advisor to the FIT MultiManager Retirement Funds. As sub-advisor FIDUCIARY INVESTMENT TRUSTS, LLC provides investment advice and management services to the FIT MultiManager Retirement Funds. Wilmington Trust, National Association (“WTNA”) serves as the FIT MultiManager Retirement Funds’ trustee and administrator, hires and fires the investment adviser of the FIT MultiManager Retirement Funds and selects the qualified custodian. WTNA has established accounts for the FIT MultiManager Retirement Funds at its bank, which serves as the qualified custodian. FIDUCIARY INVESTMENT TRUSTS, LLC recommends to the Fund’s Trustee which securities are to be bought or sold with regards to the FIT MultiManager Retirement Funds. FIDUCIARY INVESTMENT TRUSTS, LLC does not act on a discretionary basis with regards to the FIT MultiManager Retirement Funds. FIDUCIARY INVESTMENT TRUSTS, LLC does not have authority to disburse assets or securities from the FIT MultiManager Retirement Funds. Currently, there are no assets invested in the FIT MultiManager Retirement Funds.

As investment adviser, FIDUCIARY INVESTMENT TRUSTS, LLC may provide investment advice and management services to CIFs in addition to the FIT MultiManager Retirement Funds. Such CIFs, including the FIT MultiManager Retirement Funds, are referred to throughout this brochure as a “FIT CIF” or “FIT CIFs”.

Some retirement plans investing in a FIT CIF could also be clients of FIDUCIARY INVESTMENT TRUSTS, LLC. Increases in FIT CIF assets will result in increases in total management fees paid to FIDUCIARY INVESTMENT TRUSTS, LLC, which is a conflict of interest. In recognition of that incentive and to avoid any potential conflict of interest, any retirement plan utilizing investing in a FIT CIF will need to make its own independent investigation and evaluation of the Funds.

FIDUCIARY INVESTMENT TRUSTS, LLC and its supervised persons have an inherent conflict of interest in investing in or recommending a FIT CIF which it manages to clients for the following reasons:

- FIDUCIARY INVESTMENT TRUSTS, LLC is the investment adviser to a FIT CIF and will receive a management fee for its services. Please refer to Item 5 of this Brochure for a description of our fees. Increases in FIT CIF assets will result in increases in the management fee paid to FIDUCIARY INVESTMENT TRUSTS, LLC.
- FIDUCIARY INVESTMENT TRUSTS, LLC provides a FIT CIF with certain administrative services and personnel needed to fulfill our obligations as the investment adviser.
- Certain representatives of FIDUCIARY INVESTMENT TRUSTS, LLC are also licensed as investment adviser representatives with Prime Capital Investment Advisors, LLC. FIDUCIARY INVESTMENT TRUSTS, LLC and Prime Capital Investment Advisors, LLC (“PCIA”) are affiliates, under common control. Through PCIA, the representatives provide asset management services and financial planning services as well as referrals to

other advisers. They earn advisory fees when providing these services through PCIA. Therefore, you could receive advisory services from one individual acting as an investment adviser representative on behalf of two separate registered investment advisors.

Retirement Plan Services

FIDUCIARY INVESTMENT TRUSTS, LLC offers retirement plan services to retirement plan sponsors and to individual participants in retirement plans. For a corporate sponsor of a retirement plan, our retirement plan services can include, but are not limited to, the following services:

Managed Account Allocations for Plan Participants

FIDUCIARY INVESTMENT TRUSTS, LLC also offers its limited discretion investment advisory services to 401(k), 403(b), Employee Stock Ownership Plans (ESOP), profit sharing, defined benefit pension and deferred compensation plans and their participants. FIDUCIARY INVESTMENT TRUSTS, LLC provides such qualified retirement plan services subject to the limitations and restrictions imposed by the applicable platform chosen by the client ("Plan"). Other advisers may provide such advisory services to retirement plans through platforms and custodians not available to FIDUCIARY INVESTMENT TRUSTS, LLC.

By electing these investment advisory services, Plan(s) and Plan participants are offered risk based managed account allocations (Conservative, Moderately Conservative, Balanced, Growth, and Aggressive). These allocations are comprised of investment options made available through and custodied by the applicable platform provider.

As part of its Qualified Plan Investment Advisory recommendations, FIDUCIARY INVESTMENT TRUSTS, LLC may from time to time cover expenses incurred by Qualified Plan participants as part of any investment option change, transfer or rebalance which triggers a charge, adjustment or fee to the participant. The facts and circumstances of any type of expense coverage by FIDUCIARY INVESTMENT TRUSTS, LLC will be fully disclosed to the applicable Qualified Plan Sponsor and Qualified Plan participant(s) prior to payment by FIDUCIARY INVESTMENT TRUSTS, LLC and crediting to the respective participant account.

Non-Fiduciary Services

Although an investment adviser is considered a fiduciary under the Investment Advisers Act of 1940 and required to meet the fiduciary duties as defined by the Advisers Act, the services listed here as non-fiduciary should not be considered fiduciary services for the purposes of ERISA since Adviser is not acting as a fiduciary to the Plan as the term "fiduciary" is defined in Section 3(21)(A)(ii) of ERISA. The exact suite of services provided to a client will be listed and detailed in the Qualified Retirement Plan Agreement.

FIDUCIARY INVESTMENT TRUSTS, LLC provides clients with the following Non-Fiduciary Retirement Plan Consulting Services:

Participant Education

FIDUCIARY INVESTMENT TRUSTS, LLC may provide education services to Plan participants about general investment principles and the investment alternatives available under the Plan. FIDUCIARY INVESTMENT TRUSTS, LLC's assistance in participant investment education will be consistent with and within the scope of DOL Interpretive Bulletin 96-1. Education presentations will not take into account the individual circumstances of each participant and individual recommendations will not be provided unless otherwise agreed upon. Plan participants are responsible for implementing transactions in their own accounts.

In this capacity, FIDUCIARY INVESTMENT TRUSTS, LLC may also provide retirement plan information, participant enrollment services, and retirement plan education, including general financial, investment, and retirement information. Furthermore, in this capacity, FIDUCIARY INVESTMENT TRUSTS, LLC will not provide personal investment advice, act as a fiduciary, or, reference the appropriateness of any individual investment alternative.

FIDUCIARY INVESTMENT TRUSTS, LLC will disclose, to the extent required by ERISA Regulation Section 2550.408b-2(c), to you any change to the information that we are required to disclose under ERISA Regulation Section 2550.408b-2(c)(1)(iv) as soon as practicable, but no later than sixty (60) days from the date on which we are informed of the change (unless such disclosure is precluded due to extraordinary circumstances beyond our control, in which case the information will be disclose as soon as practicable).

In accordance with ERISA Regulation Section 2550.408b-2(c)(vi)(A), we will disclose within thirty (30) days following receipt of a written request from the responsible plan fiduciary or Plan Administrator (unless such disclose is precluded due to extraordinary circumstances beyond our control, in which case the information will be disclosed as soon as practicable) all information related to the Qualified Retirement Plan Agreement and any compensation or fees received in connection with the Agreement that is required for the Plan to comply with the reporting and disclosure requirements of Title 1 of ERISA and the regulations, forms and schedules issued thereunder.

If we make an unintentional error or omission in disclosing the information required under ERISA Regulation Section 2550.408b-2(c)(1)(iv) or (vi), we will disclose to you the correct information as soon as practicable, but no later than thirty (30) days from the date on which we learn of such error or omission.

Financial Planning Services

FIDUCIARY INVESTMENT TRUSTS, LLC also offers financial planning services for individuals, families, estates, and businesses including investment advice. An agreement is executed by the client and FIDUCIARY INVESTMENT TRUSTS, LLC outlining the terms and fees associated with developing a client's financial plan. The purpose of this service is solely to create a financial plan for the client.

The planning process focuses on such areas as developing a comprehensive financial plan, portfolio evaluation, cash flow analysis, education planning, retirement account investment analysis, retirement planning, tax projections and planning, risk management, including a review of insurance coverage (which will exclude property and casualty insurance), estate analysis and planning, planning for special needs family members, negotiation of the purchase of substantial assets, and budgeting. This service may or may not grant discretionary power to FIDUCIARY INVESTMENT TRUSTS, LLC or IAR. Fees for financial planning services may be charged when assets are not under management of FIDUCIARY INVESTMENT TRUSTS, LLC and depend on the nature and complexity of the client's circumstances and needs. The exact fees and other terms (including discretion) will be outlined in the agreement between you and FIDUCIARY INVESTMENT TRUSTS, LLC.

A client's IAR may be a Registered Representative of Private Client Services ("Broker-Dealer"), which is a Broker-Dealer registered with the Securities Exchange Commission ("SEC") and a member of the Financial Industry Regulatory Authority ("FINRA"). FIDUCIARY INVESTMENT TRUSTS, LLC and Private Client Services are not affiliated. A client's IAR as a Registered Representative is capable of effecting on the client's behalf transactions in various securities products, including stocks, bonds, mutual funds, variable annuities, and variable life insurance. However, a client is always free to execute securities transactions and purchase insurance products through someone other than his or her FIDUCIARY INVESTMENT TRUSTS, LLC IAR. If a client chooses to purchase securities products through his or her FIDUCIARY INVESTMENT TRUSTS, LLC IAR in the capacity as a Registered Representative, then all such transactions will be placed through Private Client Services. Broker-Dealers are required to supervise the securities trading of their representatives. In this event, Private Client Services and Client's Registered Representative will receive compensation, including commissions and possible 12b-1 fees normally paid in connection with the sale of securities products.

If a client elects to purchase insurance products through his or her FIDUCIARY INVESTMENT TRUSTS, LLC IAR, IAR will receive commissions normally paid in connection with these products in a separate capacity as a licensed insurance agent.

The aforementioned compensation will be in addition to the fees a client will pay for "Financial Planning Services". Please see Item 14 of this Brochure for more information about the conflicts of interest associated with this arrangement.

Collective Investment Funds Services

FIDUCIARY INVESTMENT TRUSTS, LLC offers investment advisory services by serving as a sub-advisor to the FIT MultiManager Retirement Funds. The FIT MultiManager Retirement Funds are organized as collective investment trusts. Wilmington Trust, National Association (“WTNA”) serves as the FIT MultiManager Retirement Funds’ trustee and administrator, hires and fires the investment adviser of the FIT MultiManager Retirement Funds and selects the qualified custodian. WTNA has established accounts for the FIT MultiManager Retirement Funds at its bank, which serves as the qualified custodian.

The Firm’s standard annual fee for such services will generally range from 5 to 72 basis points, depending on the FIT CIF offering and share class. Such terms will be subject to agreement(s) between FIDUCIARY INVESTMENT TRUSTS, LLC and the collective investment fund sponsor(s).

FIDUCIARY INVESTMENT TRUSTS, LLC’s current annual Sub-Advisor Fee for the FIT MultiManager Retirement Funds is generally based on the following schedule.

- Class E: 0.10%; General Share Class Minimum: \$250,000,000
- Class F: 0.30%; General Share Class Minimum: \$50,000,000
- Class G: 0.40%; General Share Class Minimum: no minimum
- Class I: 0.20%; General Share Class Minimum: \$100,000,000

A retirement plan’s investment in a FIT CIF, including FIT MultiManager Retirement Funds, is subject to a participation agreement between the retirement plan sponsor and the FIT CIF sponsor, not FIDUCIARY INVESTMENT TRUSTS, LLC. The Firm’s annual fees for various FIT CIFs may differ if the investment guidelines and scope of service(s) for the various FIT CIFs and/or related share classes also differ. The FIT CIF and/or share class utilized may vary among investors due to differing investor needs, circumstances, objectives, services, and other factors that are deemed at the time to be relevant.

The procurement of a particular FIT CIF share class is subject to negotiation. FIDUCIARY INVESTMENT TRUSTS, LLC may request the procurement of a share class not corresponding to a plan's total assets, following its consideration of various factors, including but not limited to: (1) number of participants and/or locations; (2) current and/or projected cash/asset inflow and outflow for the plan, including deferral rate(s), withdrawal rate(s), and aggregate participant loan balance(s); (3) current and/or projected average participant account balance statistics for the plan; (4) current and/or projected participant FIT CIF utilization, which may include consideration of whether other similar investment option(s) are currently or expected to be made available to the plan and whether the plan sponsor or other responsible plan fiduciary selects one of the FIT CIF managed by FIDUCIARY INVESTMENT TRUSTS, LLC to be

used as the plan's qualified default investment alternative, among other factors; (5) expenses expected to be incurred in connection with non-fiduciary education and enrollment services provided to plan participants relating specifically to FIT CIFs; and (6) other general business factors, considerations, and opportunities that are deemed at the time to be relevant.

The following are “real world” examples of circumstances in which the Firm may request the procurement of a share class not corresponding to a plan's total assets. No guarantee expressed or implied that a retirement plan will receive a share class on such basis. Again, the procurement of a particular share class is subject to negotiation and investment in a particular share class is subject to a participation agreement between the retirement plan sponsor and the FIT CIF sponsor, not FIDUCIARY INVESTMENT TRUSTS, LLC.

- The Firm may request the procurement of a lower-cost share class if it expects a plan will achieve the applicable target asset level or tier within twelve (12) to eighteen (18) months.
- The Firm may request the procurement of a lower-cost share class if the retirement plan sponsor or other responsible plan fiduciary selects one of the FIT CIFs managed by FIDUCIARY INVESTMENT TRUSTS, LLC to be used as the plan's qualified default investment alternative.
- The Firm may request the procurement of a lower-cost share class if the retirement plan sponsor desires basic on-line delivery of FIT CIF-specific non-fiduciary education or enrollment services.
- The Firm may request the procurement of a lower-cost, or higher-cost, share class if the estimated time and cost associated with providing Fund-specific in-person non-fiduciary education or enrollment services are expected to differ from what is generally associated with a retirement plan consisting of less than one hundred (100) plan participants working in no more than three (3) locations (all locations within 75 miles of the servicing FIDUCIARY INVESTMENT TRUSTS, LLC office location). The requested number of such meetings or sessions may also be considered.
- The Firm may request the procurement of a lower-cost share class if the Firm believes a retirement plan sponsor has current or future intangible factors (i.e. retirement plan sponsor is a well-known or nationally recognized company; retirement plan sponsor has a prior established relationship with the Firm and/or with its representatives; Firm, at its discretion, may choose to pursue new relationships with certain plan types, companies, or industries, that better align with its current business objectives).

The annual Sub-Advisory fee for the FIT MultiManager Retirement Funds is divided and paid quarterly in arrears to FIDUCIARY INVESTMENT TRUSTS, LLC based on the average daily balance of the Funds. Fees of FIDUCIARY INVESTMENT TRUSTS, LLC may be lower than fees charged by other investment advisors.

To the extent that a client utilizes FIDUCIARY INVESTMENT TRUSTS, LLC's retirement plan services and also invests in FIT CIFs, FIDUCIARY INVESTMENT TRUSTS, LLC will not assess any asset-based fee for retirement plan services against the value of the FIT CIFs.

However, the retirement plan will be paying indirect compensation to FIDUCIARY INVESTMENT TRUSTS, LLC since the FIT CIFs will charge the retirement plan for FIT CIF expenses which will include investment management fees paid to FIDUCIARY INVESTMENT TRUSTS, LLC. In addition, an investor of a FIT CIF will pay other annual fund operating expenses such as distribution and service fees, shareholder servicing plan fees, acquired fund fees and expenses, and certain other fees ("Net Annual Collective Investment Funds Operating Expenses"). Sales charges and 12b-1 fees are not to be paid to FIDUCIARY INVESTMENT TRUSTS, LLC as we do not accept any sales charges or 12b-1 fees. Should such charges or fees be paid to FIDUCIARY INVESTMENT TRUSTS, LLC, we will direct the applicable custodian or platform to remit such charges or fees back to the client. FIDUCIARY INVESTMENT TRUSTS, LLC seeks to utilize the lowest cost options available when prudent. Thus, FIDUCIARY INVESTMENT TRUSTS, LLC also periodically monitors for changes to a fund family's or a platform's share class offerings that provide cost savings opportunities to our clients.

With respect to the FIT MultiManager Retirement Funds, the Funds' Trustee may terminate the sub-advisor agreement upon thirty (30) days' written notification to FIDUCIARY INVESTMENT TRUSTS, LLC. FIDUCIARY INVESTMENT TRUSTS, LLC may terminate the sub-advisor agreement upon ninety (90) days' written notification to the Funds' Trustee. Upon receipt of written notice of termination from the FIT CIF or Trustee, FIDUCIARY INVESTMENT TRUSTS, LLC shall, upon the FIT CIFs' or Trustee's request, immediately cease any and all activities related to the FIT CIF.

Retirement Plan Services

The annual fee for FIDUCIARY INVESTMENT TRUSTS, LLC's Retirement Plan Services are billed monthly or quarterly in arrears depending on the administrative and/or recordkeeping platform chosen by the client and the terms of the applicable agreement between FIDUCIARY INVESTMENT TRUSTS, LLC and the client, and is generally based on either (1) the value of applicable Plan assets at the end of the previous month/quarter (generally calendar), (2) upon an average of month-end asset values for the preceding quarter (generally calendar), or (3) upon the average daily balance for the billing period. Retirement plan platform providers customarily and independently determine the specific methodology for calculating the fees charged to retirement plans, including our fees, and such methodology is subject to change. Nonetheless, fees will generally be assessed pro rata based on the number of days applicable services are rendered. In the event of contract termination, all applicable fees will be assessed and immediately withdrawn from the Qualified Plan's applicable account. The payment of fees for Retirement Plan Services can be made by the custodian holding the Plan assets or the Plan Sponsor. FIDUCIARY INVESTMENT TRUSTS, LLC's fees for these retirement plan related services are subject to negotiation with and approval by the Plan Sponsor.

FIDUCIARY INVESTMENT TRUSTS, LLC's standard annual fee for Managed Account Allocations generally ranges from 25 to 100 basis points. FIDUCIARY INVESTMENT TRUSTS, LLC's standard annual fee for Non-Fiduciary Services, including Participant Education, generally ranges from 5 to 50 basis points, when such services are provided on a separate or "stand-alone" basis (i.e., not included as part of a FIT CIF offering). You should refer to the client agreement with FIDUCIARY INVESTMENT TRUSTS, LLC for the actual annual fee schedule charged by FIDUCIARY INVESTMENT TRUSTS, LLC.

The Firm's annual fee for its Retirement Plan Services may vary among clients due to differing client needs, circumstances, objectives, services, and other factors that are deemed at the time to be relevant. FIDUCIARY INVESTMENT TRUSTS, LLC's fees for Plan Participant Managed Account Allocations are reflective of the service schedules selected by the Plan Sponsor which may vary depending on, for example but not limited to, number and physical location of participants, number and location of onsite meetings, plan asset size and other specific service requests of applicable plan sponsors. Minimum account deposits and fee minimums do not apply to the Plan Participant Managed Account Allocations. Sales charges and 12b-1 fees are not to be paid to FIDUCIARY INVESTMENT TRUSTS, LLC as we do not accept any sales charges or 12b-1 fees. Should such charges or fees be paid to FIDUCIARY INVESTMENT TRUSTS, LLC, we will direct the applicable custodian or platform to remit such charges or fees back to the client. FIDUCIARY INVESTMENT TRUSTS, LLC seeks to utilize the lowest cost options available when prudent. Thus, FIDUCIARY INVESTMENT TRUSTS, LLC also periodically monitors for changes to a fund family's or a platform's share class offerings that provide cost savings opportunities to our clients.

FIDUCIARY INVESTMENT TRUSTS, LLC's fees for Retirement Plan Services are subject to negotiation. FIDUCIARY INVESTMENT TRUSTS, LLC may raise or lower its fees, following its consideration of various factors, including but not limited to: (1) number of participants and/or locations; (2) current and/or projected cash/asset inflow and outflow for the plan, including deferral rate(s), withdrawal rate(s), and aggregate participant loan balance(s); (3) current and/or projected average participant account balance statistics for the plan; (4) current and/or projected participant Managed Account Allocation utilization, which may include consideration of whether other similar investment option(s) are currently or expected to be made available to the plan, among other factors; (5) expenses expected to be incurred in connection with non-fiduciary education and enrollment services provided to plan participants; and (6) other general business factors, considerations, and opportunities that are deemed at the time to be relevant.

The following are "real world" examples of circumstances in which the Firm may adjust its fees for Retirement Plan Services. No guarantee expressed or implied. Fees are subject to negotiation.

- The Firm may lower its fees for Retirement Plan Services if the retirement plan sponsor desires basic on-line delivery of non-fiduciary education or enrollment services.

- The Firm may lower or raise its fees for Managed Account Allocations if the estimated time and cost associated with providing in-person non-fiduciary education or enrollment services are expected to differ from what is generally associated with a retirement plan consisting of less than one hundred (100) plan participants working in no more than three (3) locations (all locations within 75 miles of the servicing FIDUCIARY INVESTMENT TRUSTS, LLC office location). The requested number of such meetings or sessions may also be considered.
- The Firm may lower its fees for Retirement Plan Services if the Firm believes a retirement plan sponsor has current or future intangible factors (i.e. retirement plan sponsor is a well-known or nationally recognized company; retirement plan sponsor has a prior established relationship with the Firm and/or with its representatives; Firm, at its discretion, may choose to pursue new relationships with certain plan types, companies, or industries, that better align with its current business objectives).

FIDUCIARY INVESTMENT TRUSTS, LLC may waive or reduce a seminar fee. General Information on Fees

Negotiability of Fees

Fees are subject to negotiation. FIDUCIARY INVESTMENT TRUSTS, LLC's fees may vary among clients for the services provided due to differing client needs, circumstances, objectives, services, and other factors that are deemed at the time to be relevant. The fee schedules provided in this Brochure are the Firm's basic fee schedules generally charged to clients, absent negotiable circumstances. You should refer to your agreement with FIDUCIARY INVESTMENT TRUSTS, LLC for your actual fees. FIDUCIARY INVESTMENT TRUSTS, LLC on occasion provides investment management and advisory services to certain non-profit, charitable organizations and to FIDUCIARY INVESTMENT TRUSTS, LLC IARs and employees (including their spouses and certain immediate family members) at a reduced rate or on a "pro-bono" basis.

Fee Calculation

The fee charged is calculated as described above and is not charged on the basis of a share of capital gains upon or capital appreciation of the funds or any portion of the funds of an advisory client.

Termination of Advisory Relationship

A FIDUCIARY INVESTMENT TRUSTS, LLC advisory services agreement (excluding FIT CIF agreements) may be terminated by either party at any time without penalty with termination effective upon receipt of written notice. Such termination shall not, however affect liabilities or obligations incurred or arising from transactions initiated under a client agreement prior to such termination, including the provisions regarding arbitration, which shall survive an expiration or termination of the agreement. Upon termination, you shall have the exclusive responsibility to

monitor the securities in your account, and FIDUCIARY INVESTMENT TRUSTS, LLC shall have no further obligation to act or advise with respect to your assets.

If you terminate your Agreement with us within five (5) business days of its signing, you will not be charged for applicable investment advisory fees. If the Agreement is terminated after five (5) business days of its signing, then FIDUCIARY INVESTMENT TRUSTS, LLC's investment advisory fee shall be calculated on a prorated basis and will be due immediately.

For financial planning services and consulting services, the client or FIDUCIARY INVESTMENT TRUSTS, LLC may terminate the Agreement at any time by notifying the non-terminating party in writing of the intent to terminate the Agreement at least thirty (30) days before the date the Agreement is to terminate. Any unpaid fees for services rendered will be due and paid immediately by the client on the date of termination.

Failure of FIDUCIARY INVESTMENT TRUSTS, LLC to provide the client with agreed-upon planning or consulting services within ninety (90) days of the contract/agreement date due to any action(s) or failure(s) by the client shall also constitute a breach and termination. Any unpaid fees for services rendered by FIDUCIARY INVESTMENT TRUSTS, LLC prior to breach and termination will be prorated, due and paid immediately by the client on the date of termination.

Conversely, failure of FIDUCIARY INVESTMENT TRUSTS, LLC to provide the client with agreed-upon planning or consulting services within ninety (90) days of the Agreement date due to any action(s) or failure(s) by FIDUCIARY INVESTMENT TRUSTS, LLC shall constitute a breach and termination.

A seminar for fee is considered a one-time service fully rendered upon completion of such seminar. If FIDUCIARY INVESTMENT TRUSTS, LLC does not complete the seminar or otherwise terminates the seminar prior to completion, FIDUCIARY INVESTMENT TRUSTS, LLC will refund any seminar fees paid in advance by attendee within thirty (30) days of the termination date.

Mutual Fund, Annuity & ETF Fees and Expenses

All fees paid to FIDUCIARY INVESTMENT TRUSTS, LLC for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds, annuities and ETFs to their shareholders. These mutual fund, annuity and ETF fees and expenses are described in each fund's prospectus. FIDUCIARY INVESTMENT TRUSTS, LLC does not accept any sales charges or 12b-1 fees.

These mutual fund, annuity & ETF fees will generally include a management fee, other fund expenses, and a possible distribution fee. A client could invest in a mutual fund, annuity or ETF directly, without the services of FIDUCIARY INVESTMENT TRUSTS, LLC. In that case, the client would not receive the services provided by FIDUCIARY

INVESTMENT TRUSTS, LLC which are designed, among other things, to assist the client in determining which mutual fund(s), annuity(ies) or ETF(s) are most appropriate to each client's financial condition and objective. Accordingly, you should review both the fees charged by the funds and the fees charged by FIDUCIARY INVESTMENT TRUSTS, LLC to fully understand the total amount of fees to be paid by you and to thereby evaluate the advisory services being provided.

Advisory Fees in General

You should note that similar advisory services may be available from other registered investment advisors for similar or lower fees.

Additional Compensation, Economic and Non-Economic Benefits

From time to time, we receive expense reimbursement for travel and/or marketing expenses from distributors of investment and/or insurance products and recordkeeping platform providers. Travel expense reimbursements are typically a result of attendance by investment adviser representatives at due diligence and/or investment training events hosted by product sponsors or platform providers. Marketing expense reimbursements are typically the result of informal expense sharing arrangements in which product sponsors may underwrite costs incurred for marketing such as advertising, publishing and seminar expenses.

Although receipt of these travel and marketing expense reimbursements are not predicated upon specific sales quotas, the product sponsor reimbursements are typically made by those sponsors for whom sales have been made or it is anticipated sales will be made. FIDUCIARY INVESTMENT TRUSTS, LLC and its investment adviser representatives endeavor at all times to put the interest of the clients first as a part of their fiduciary duty. However, clients should be aware that the receipt of additional compensation through nominal sales awards, expense reimbursements, etc. creates a conflict of interest that impacts the judgment of the investment adviser representatives when making advisory recommendations. We attempt to control for this conflict by always basing investment decisions on the individual needs of our clients.

A conflict of interest arises when FIDUCIARY INVESTMENT TRUSTS, LLC makes recommendations about plan distributions and rollovers ("rollover recommendations"), if it results in FIDUCIARY INVESTMENT TRUSTS, LLC receiving compensation that it would not have received absent the recommendation, for example, fees for advising a rollover IRA. FIDUCIARY INVESTMENT TRUSTS, LLC will manage this conflict by developing and providing an informed recommendation in the best interest of the client. No client is under an obligation to roll over ERISA plan or IRA assets to an account advised by FIDUCIARY INVESTMENT TRUSTS, LLC or its affiliates. The rollover recommendations occur in two scenarios. The first is where FIDUCIARY INVESTMENT TRUSTS, LLC is serving as a fiduciary adviser to a private sector retirement plan. In that case, the rollover recommendation is fiduciary advice

under both the Investment Advisers Act of 1940 (Advisers Act) and the Employee Retirement Income Security Act (ERISA). In addition to being a conflict of interest as described above, it is also a prohibited transaction under ERISA where FIDUCIARY INVESTMENT TRUSTS, LLC receives compensation from the rollover IRA that is greater than the compensation, if any, being received from the participant's account in the plan. In that circumstance, FIDUCIARY INVESTMENT TRUSTS, LLC will comply with the conditions of exceptions to the prohibited transaction rules (e.g., a prohibited transaction exemption or non-enforcement policy). The second scenario is where FIDUCIARY INVESTMENT TRUSTS, LLC is not providing ERISA fiduciary advisory services to the plan. In that case, a rollover recommendation is not a prohibited transaction under ERISA, but it is a conflict of interest under the Advisers Act because of the compensation received by FIDUCIARY INVESTMENT TRUSTS, LLC from the rollover IRA. We attempt to further control for this conflict by always basing investment advice and decisions on the individual needs of our clients.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

FIDUCIARY INVESTMENT TRUSTS, LLC uses the following methods of analysis in formulating investment advice:

Bottom-Up Investing - This method initially involves evaluating specific companies and securities before evaluating higher-level components such as industries, sectors, and the overall state of the economy (macroeconomic). Investment decisions are therefore primarily based upon the strength of an individual company.

Charting - This is a method used in technical analysis in which charts are used to plot price movements, volume, settlement prices, open interest, and other indicators, in order to anticipate future price movements. Users of these charting techniques believe that past trends in these indicators can be used to extrapolate future trends.

Cyclical - This is a method of analyzing the investments sensitive to business cycles and whose performance is strongly tied to the overall economy. For example, cyclical companies tend to make products or provide services that are in lower demand during downturns in the economy and in higher demand during upswings. Examples include the automobile, steel, and housing industries. The stock price of a cyclical company will often rise just before an economic upturn begins, and fall just before a downturn begins. Investors in cyclical stocks try to make the largest gains by buying the stock at the bottom of a business cycle, just before a turnaround begins.

Fundamental - This is a method of evaluating a security by attempting to measure its intrinsic value by examining related economic, financial and other qualitative and quantitative factors. Fundamental analysts attempt to study everything that can affect the security's value, including macroeconomic factors (like the overall economy and industry conditions) and individually specific factors (like the financial condition and management of companies). The end goal of performing fundamental analysis is to produce a value that an investor can compare with the security's current price in hopes of figuring out what sort of position to take with that security (underpriced = buy, overpriced = sell or short). This method of security analysis is considered to be the opposite of technical analysis. Fundamental analysis is about using real data to evaluate a security's value. Although most analysts use fundamental analysis to value stocks, this method of valuation can be used for just about any type of security.

Modern Portfolio Theory - This is a theory of investment that attempts to maximize portfolio expected return for a given amount of portfolio risk, or equivalently minimize risk for a given level of expected return, each by carefully choosing the proportions of various asset.

Technical - This is a method of evaluating securities by analyzing statistics generated by market activity, such as past prices and volume. Technical analysts do not attempt to measure a security's intrinsic value, but instead use charts and other tools to identify patterns that can suggest future activity. Technical analysts believe that the historical performance of stocks and markets are indications of future performance.

Thematic - This method takes a “top-down” approach to investing and involves making investment decisions based on predictions about trends or other forward-looking criterion, rather than on past market performance and indicators or the fundamentals of a specific security.

Top-Down Investing - This method involves evaluating the overall state of the economy (macroeconomic) and then further evaluating the various components and sub-components in greater detail. For example, after evaluating the high-level economic environment, either on a global or domestic scale, analysts further examine the various market and industrial sectors in order to select those areas that are forecasted to outperform the overall market. Analysts then further evaluate specific asset classes and the securities of specific companies to determine an allocation or portfolio.

Investment Strategies

FIDUCIARY INVESTMENT TRUSTS, LLC may use the following investment strategies when managing client assets and/or providing investment advice:

Long term purchases - Investments held at least a year.

Short term purchases - Investments sold within a year.

Trading - Investments sold within 30 days.

FIDUCIARY INVESTMENT TRUSTS, LLC's strategies from time to time may include the frequent trading of securities. The frequent trading of securities may have a positive or negative impact on investment performance. Performance from active trading can be lowered due to an increase in brokerage and other transaction costs.

It is not our typical investment strategy to attempt to time the market, but we may increase cash holdings modestly as deemed appropriate based on your risk tolerance and our expectations of market behavior. We may modify our investment strategy to accommodate special situations such as low basis stock, stock options, legacy holdings, inheritances, closely held businesses, collectibles, or special tax situations.

Primarily Recommend One Type of Security

We **do not** primarily recommend one type of security to clients. Instead, we recommend any product that may be suitable for each client relative to that client's specific circumstances and needs.

Risk of Loss

Past performance is not indicative of future results. Therefore, you should never assume that future performance of any specific investment or investment strategy will be profitable. Investing in securities (including stocks, mutual funds, and bonds, etc.) involves risk of loss. Further, depending on the different types of investments there may be varying degrees of risk. You should be prepared to bear investment loss including loss of original principal. Because of the inherent risk of loss associated with investing, our firm is unable to represent, guarantee, or even imply that our services and methods of analysis can or will predict future results, successfully identify market tops or bottoms, or insulate you from losses due to market corrections or declines. There are certain additional risks associated with investing in securities through our investment management program, as described below:

Company Risk - When investing in stock positions, there is always a certain level of company or industry specific risk that is inherent in each investment. This is also referred to as unsystematic risk and can be reduced through appropriate diversification. There is the risk that the company will perform poorly or have its value reduced based on factors specific to the company or its industry. For example, if a company's employees go on strike or the company receives unfavorable media attention for its actions, the value of the company may be reduced.

Concentration Risk - Investments or portfolios that concentrate their assets in a particular security, market, industry, sector, country, or asset class, may be subject to greater risk of loss than is a more widely diversified investment.

Credit and Counterparty Risk - The issuer or guarantor of a fixed-income security, counterparty to an OTC derivatives contract, or other borrower may not be able to make timely principal, interest, or settlement payments on an obligation. In this event, the issuer of a fixed-income security may have its credit rating downgraded or defaulted, which may reduce the potential for income and value of the portfolio.

Equity (stock) Market Risk - Common stocks are susceptible to general stock market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change. If you held common stock, or common stock equivalents, of any given issuer, you would generally be exposed to greater risk than if you held preferred stocks and debt obligations of the issuer.

ETF and Mutual Fund Risk - When FIDUCIARY INVESTMENT TRUSTS, LLC invests in an ETF or mutual fund, it will bear additional expenses based on its pro rata share of the ETF's or mutual fund's operating expenses, including the potential duplication of management fees. The risk of owning an ETF or mutual fund generally reflects the risks of

owning the underlying securities the ETF or mutual fund holds. Clients will also incur brokerage costs when purchasing ETFs.

Fixed Income Risk - When investing in bonds, there is the risk that issuer will default on the bond and be unable to make payments. Further, individuals who depend on set amounts of periodically paid income face the risk that inflation will erode their spending power. Fixed-income investors receive set, regular payments that face the same inflation risk.

Hedging Strategy Risk - While a given non-traditional or alternative asset may provide adequate diversification, many such assets use hedging strategies such as shorting securities, leverage, options, and numerous other derivative instruments in order to hedge away a security's underlying inherent risk. Consequently, such hedging strategies may increase secondary exposure to Hedging Strategies Risk. Hedging Strategies Risk may limit the opportunity for gains compared with unhedged investments, and there is no guarantee that hedges will actually reduce risk. An investment's use of leveraging or derivatives may result in a disproportionately magnified gain or loss.

Interest Rate Risk - Interest rate risk is the risk that changes in interest rates (in the U.S. or other world markets) may reduce (or increase) the market value of a bond you hold.

Liquidity Risk - Liquidity Risk is the risk stemming from the lack of immediate marketability (or an available market) of an investment that cannot be bought or sold quickly enough to meet the investor's immediate needs or to prevent or minimize a loss.

Management Risk - Your investment performance varies with the success and failure of our investment strategies, research, analysis and determination of portfolio securities. If our investment strategies do not produce the expected returns, the value of the investment will decrease.

Market Risk - Either the stock market as a whole, or the value of an individual company, goes down resulting in a decrease in the value of client investments. This is also referred to as systemic risk.

Sector Risk - Concentrating assets in a given sector may disproportionately subject the portfolio to the risks of that industry, including loss of value because of economic recession, availability of credit, volatile interest rates, government regulation, and other factors.

Underlying Fund/Fund of Funds Risk - A portfolio's risks are closely associated with the risks of the securities and other investments held by the underlying or subsidiary funds, and the ability of the portfolio to meet its investment objective likewise depends on the ability of the underlying funds to meet their objectives. Investment in other funds may subject the portfolio to higher costs than owning the underlying securities directly because of their management fees.

When acting in his or her separate capacity as a registered representative, your investment adviser representative can sell, for commissions, general securities products such as stocks, bonds, mutual funds, exchange-traded funds, and variable annuity and variable life products to you. As such, your investment adviser representative can suggest that you implement investment advice by purchasing securities products through a commission-based brokerage account in addition to or in lieu of a fee-based investment-advisory account. Reviewers will generally consist of one or more members of the Firm's IAC. Events that would trigger more frequent reviews could include, but are not limited to: market volatility, client request, change in client goals, and other events that we feel would warrant a review.

The areas of oversight the IAC is responsible for with respect to Managed Account Allocations for Plan Participants are: selection and ongoing evaluation of investments and/or investment advisors, modeling asset allocation, and ongoing research and investment review. When managing portfolios, the baseline criteria for research includes:

- Research investments with the goal of obtaining lower volatility portfolios
- Attempt to manage with significant diversification
- Select outside managers or mutual funds that have consistently, over long periods of time, outperformed their peers
- Be prudent when reviewing costs associated with different managers and advisors

Item 14 – Client Referrals and Other Compensation

Other Compensation

Some of FIDUCIARY INVESTMENT TRUSTS, LLC's associated persons sell securities in a separate capacity as registered representatives with Private Client Services. Some associated persons are also independently licensed insurance agents and sell insurance products. They earn commissions when selling these products. This receipt of commissions creates an incentive to recommend those products for which your investment adviser representative will receive a commission in his or her separate capacity as a registered representative of a securities broker-dealer or as an agent of an insurance company. Consequently, the objectivity of such advice rendered to you would be biased. Some of the advice offered by these associated persons involves investments in mutual fund products. Load and no-load mutual funds may pay annual distribution charges, sometimes referred to as 12b-1 fees. These associated persons will receive a portion of these 12b-1 fees in their separate capacities as registered representatives, as FIDUCIARY INVESTMENT TRUSTS, LLC does not accept any sales charges or 12b-1 fees. Clients should be aware that these 12b-1 fees come from fund assets and, thus, indirectly from client's assets. Therefore, when 12b-1 fees are charged against the assets of a mutual fund, the investor's return on such mutual fund is reduced accordingly. The receipt of these fees also represents an incentive for registered representatives to recommend funds with 12b-1 fees or higher 12b-1 fees over funds with no fees or lower fees, therefore creating a conflict of interest. The associated persons endeavor at all times to put the interest of the clients first as a part of their fiduciary duty. Clients are under no obligation to use the services of our representatives in their separate capacities as a registered representative of a securities broker-dealer or an insurance agent.

As previously mentioned, FIDUCIARY INVESTMENT TRUSTS, LLC has an affiliate named PCRM LLC that is an insurance agency. PCRM LLC can and will often times receive override commissions on the sale of insurance-based products. The receipt of override commissions creates an incentive to recommend to you those products for which your rep-advisor, and in turn FIDUCIARY INVESTMENT TRUSTS, LLC's affiliate, PCRM LLC, will receive compensation. Consequently, the objectivity of such advice given to you would be biased. FIDUCIARY INVESTMENT TRUSTS, LLC will manage this conflict by developing and providing an informed recommendation in the best interest of you, the client. Again, you are under no obligation to purchase insurance products from your FIDUCIARY INVESTMENT TRUSTS, LLC financial professional or to use the services of our representatives in their separate capacities as insurance agents.

From time to time, we receive expense reimbursement for travel and/or marketing expenses from distributors of investment and/or insurance products. Travel expense reimbursements are typically a result of attendance at due diligence and/or investment training events hosted by product sponsors. Marketing expense reimbursements are typically the result of informal expense sharing arrangements in which product sponsors may underwrite costs incurred for marketing such as client appreciation events, advertising, publishing, and seminar expenses. Although receipt of these travel and marketing expense reimbursements are not predicated upon specific sales quotas, the product sponsor reimbursements are typically made by those sponsors for which sales have been made or for which it is anticipated sales will be made. This creates a conflict of interest in that there is an incentive to recommend certain products and investments based on the receipt of this compensation instead of what is in the best interest of our clients. We attempt to control for this conflict by always basing investment decisions on the individual needs of our clients.

The principal executive officers, directors, and other employees of FIDUCIARY INVESTMENT TRUSTS, LLC may, from time to time, receive incentive awards for the recommendation or introduction of investment products. The receipt of this compensation affects FIDUCIARY INVESTMENT TRUSTS, LLC's judgment in recommending products to its clients. The associated persons endeavor at all times to put the interest of the clients first as a part of their fiduciary duty.

Certain representatives of FIDUCIARY INVESTMENT TRUSTS, LLC are also licensed as investment adviser representatives with PCIA. FIDUCIARY INVESTMENT TRUSTS, LLC and PCIA are affiliates, under common control. Through PCIA, the representatives provide asset management services as well as referrals to sub-advisors. They earn advisory fees when providing these services through PCIA. Therefore, you could receive advisory services from one individual acting as an investment adviser representative on behalf of two separate registered investment advisors. Additionally, these representatives have an inherent conflict of interest in recommending collective investment funds ("Funds") managed by either FIDUCIARY INVESTMENT TRUSTS, LLC or PCIA to clients. Due to the fact that FIDUCIARY INVESTMENT TRUSTS, LLC and PCIA are affiliates, to avoid a conflict of interest, any retirement plan utilizing PCIA's Fiduciary Consulting Services will need to make its own independent investigation and evaluation of Funds managed by FIDUCIARY INVESTMENT TRUSTS, LLC or PCIA. Due to the fact that FIDUCIARY INVESTMENT

TRUSTS, LLC and PCIA are affiliates and to avoid receiving two layers of management fees, to the extent that a retirement plan utilizes PCIA for Fiduciary Consulting Services and invests in Funds managed by FIDUCIARY INVESTMENT TRUSTS, LLC or PCIA, PCIA will not assess against the value of such Funds any asset-based fee for Fiduciary Consulting Services. PCIA may credit the portion of the management fees paid by the Funds to FIDUCIARY INVESTMENT TRUSTS, LLC or PCIA with respect to a retirement plan account's investment in the Funds against the account-level advisory fees the particular retirement plan account owes PCIA. Please note, such retirement plans will be paying indirect compensation to FIDUCIARY INVESTMENT TRUSTS, LLC or PCIA since the Funds will charge the retirement plan for Funds expenses which will include investment management fees paid to FIDUCIARY INVESTMENT TRUSTS, LLC or PCIA. In such circumstances, you are encouraged to read and review the disclosure brochures for both FIDUCIARY INVESTMENT TRUSTS, LLC and PCIA and direct questions to your representative.

Certain FIDUCIARY INVESTMENT TRUSTS, LLC employees and representatives ("access persons"), including members of FIDUCIARY INVESTMENT TRUSTS, LLC's ownership and leadership, acquired and maintain an ownership stake in the sponsor company of, and related advisory firm for, B.A.D. ETF ("Fund Sponsor"), and therefore are entitled to receive a share of the Fund Sponsor's profits. A conflict of interest would arise if FIDUCIARY INVESTMENT TRUSTS, LLC or its representatives recommend that clients invest a portion of their assets in the B.A.D. ETF because our firm has a financial incentive to recommend this fund. We control for this conflict by prohibiting the inclusion of B.A.D. ETF in any strategy, allocation, portfolio, or core funds/investment menu/lineup managed by FIDUCIARY INVESTMENT TRUSTS, LLC. We also currently prohibit our representatives from recommending B.A.D. ETF to clients of FIDUCIARY INVESTMENT TRUSTS, LLC.

The referral relationship will not result in clients being charged any fees over and above the normal advisory fees charged for the advisory services provided. The referral agreements between FIDUCIARY INVESTMENT TRUSTS, LLC and referring parties are in compliance with state and federal securities rules regarding paid solicitor arrangements.

Item 15 – Custody

Custody, as it applies to investment advisors, has been defined by regulators as having access or control over client funds and/or securities. In other words, custody is not limited to physically holding client funds and securities. If an investment adviser has the ability to access or control client funds or securities, the investment adviser is deemed to have custody and must ensure proper procedures are implemented.

FIDUCIARY INVESTMENT TRUSTS, LLC is deemed to have custody of client funds and securities whenever FIDUCIARY INVESTMENT TRUSTS, LLC is given the authority to have fees deducted directly from client accounts. However, this is the only form of custody FIDUCIARY INVESTMENT TRUSTS, LLC will ever maintain. It should be noted that authorization to trade in client accounts is not deemed by regulators to be custody.

For accounts in which FIDUCIARY INVESTMENT TRUSTS, LLC is deemed to have custody, we have established procedures to ensure all client funds and securities are held at a qualified custodian in a separate account for each client under that client's name. Clients or an independent representative of the client will direct, in writing, the establishment of all accounts and therefore are aware of the qualified custodian's name, address and the manner in which the funds or securities are maintained. Finally, account statements are delivered directly from the qualified custodian to each client, or the client's independent representative, at least quarterly. Clients should carefully review those statements and are urged to compare the statements against reports received from FIDUCIARY INVESTMENT TRUSTS, LLC. When clients have questions about their account statements, they should contact FIDUCIARY INVESTMENT TRUSTS, LLC or the qualified custodian preparing the statement.

When fees are deducted from an account, FIDUCIARY INVESTMENT TRUSTS, LLC is responsible for calculating the fee and delivering instructions to the custodian. At the same time FIDUCIARY INVESTMENT TRUSTS, LLC instructs the custodian to deduct fees from your account; FIDUCIARY INVESTMENT TRUSTS, LLC may send you an invoice or notice, itemizing the fee. Itemization will include the formula used to calculate the fee, the amount of assets under management the fee is based on, and the time period covered by the fee.

Item 16 – Investment Discretion

When discretion is granted, clients maintain the ability to impose reasonable restrictions on the management of their accounts.

Managed Account Allocations for Plan Participants

The Adviser's discretionary authority over its Managed Account Allocations for Plan Participants is generally limited to open-end mutual funds, Collective Investment Trusts ("CIT"s), separate account shares, Stable value products (including guaranteed income funds), and money market (including money market funds) that are made available through and custodied by the applicable platform provider.

Item 17 – Voting Client Securities

Proxy Voting

FIDUCIARY INVESTMENT TRUSTS, LLC currently does not vote proxies on behalf of retirement plan Clients. We have determined that taking on the responsibilities for voting client securities does not add enough value to the services provided to you to justify the additional compliance and regulatory costs associated with voting client securities. Therefore, it is your responsibility to vote all proxies for securities held in Account. You will receive proxies directly from the qualified custodian or transfer agent; we will not provide you with the proxies. You are encouraged to read through the information provided with the proxy-voting documents and make a determination based on the information provided. With respect to the FIT MultiManager Retirement Funds, as required by the Trustee, FIDUCIARY INVESTMENT TRUSTS, LLC will vote all proxies on behalf of the Funds to the extent that the Fund's underlying investments necessitate such action. Currently, FIDUCIARY INVESTMENT TRUSTS, LLC may only recommend the purchase of Open-Ended Mutual Funds, Closed-End Mutual Funds, Exchange Traded Funds, Collective Investment Trusts, and other types of Pooled, Collective, or Common Funds.

Class Action Lawsuits

You retain the right under applicable securities laws to initiate individually a lawsuit or join a class-action lawsuit against the issuer of a security that was held, purchased or sold by or for you. FIDUCIARY INVESTMENT TRUSTS, LLC does not initiate such a legal proceeding on behalf of client and does not provide legal advice to clients regarding potential causes of action against such a security issuer and whether any

client should join a class-action lawsuit. FIDUCIARY INVESTMENT TRUSTS, LLC recommends that you seek legal counsel prior to making a decision regarding whether to participate in such a class-action lawsuit. Moreover, FIDUCIARY INVESTMENT TRUSTS, LLC's services do not include monitoring or informing clients of any potential or actual class-action lawsuits against the issuers of the securities that were held, purchased or sold by or for client.
